

Dear FRANCIS,

Congratulations on Your Acceptance!

We are thrilled to welcome you to the November 2024 cohort of our (Advance Data Science & Analytics) at Techease Africa! Due to the high volume of applications, we carefully select only 50 students per cohort to ensure a personalized learning experience.

Program Details:

- Classes begin: November 2nd, 2024
- Duration: 8 weeks
- Sessions: twice per week via Google Meet/video conferencing tools
- Mandatory participation in all sessions
- Final project submission in week 8
- 4-week internship/mentorship on real-world projects

Scholarship and Fees:

This program is fully funded by Kayish Group of Companies. There are no school fees. However, a non-refundable monthly supportive fee of GHS 90 (or GHS 150 one-time payment) is required to sustain our operations.

Next Steps:

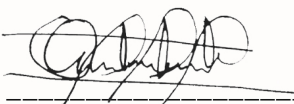

- Keep your WhatsApp active for confirmation and onboarding.
- Your course mentor will contact you a week before the training.
- Get ready for a transformative learning experience!

Share Your Excitement!

We'd love for you to spread the word about Techease Africa and invite friends to enroll.

Welcome to Techease Africa!

Best regards,
